Advertorials.

Advertorials in the editorial section

It is possible to place advertorials within the editorial environment. If required, our editorial team will be happy to assist you in implementing your ideas.

When designing, clear labeling and a clear differentiation from the editorial layout must be attended so that a confusion with editorial content can be excluded.

We always try to place advertisements in an appropriate editorial content but ask for your understanding that we do not permit advertising in the section of economic reporting and avoid product promotion in articles of the corresponding product category.

Variety trials.

Variety trials carried out by independent bodies offer good comparability.

Special varieties are recommended for the eastern German region. Results of trials can help farmers to choose the best varieties with regard to regional conditions and individual requirements such as yield, health, crop components and plant height, thereby taking advantage of current developments in cultivation methods.

Trade fair specials.

Our service for agricultural trade fairs.

Bauernzeitung, as a media partner of important agricultural trade fairs in the five eastern German states, publishes special issues one week prior to these trade fair. The supplements are integrated into the normal weekly issue, comprise up to 36 pages and contain a preview of the trade fair, reports on new products and their exhibitors, tips on interesting events and important organizational information for trade visitors. They thus offer an ideal editorial environment for advertising relating specifically to the trade fairs!

Trade fairs that are cancelled due to Covid-19 will be thematically edited so that new products and market trends can be presented to readers as usual.
