

BAUERN ZEITUNG

This weekly journal reaches 5 federal states, one third of the total agricultural land and half of the Germany's crop yield.

farms cultivate 5.5 million hectares of land.

One third of the agricultural land is located in eastern Germany.

Good reasons.

Rich harvest: half of Germany's yields are harvested in the east.

Farmers in the reader area of the Bauernzeitung are also strong in livestock farming and forest management.

Farm animal husbandry in the eastern federal states:

3,726,000 pigs, 1,920,000 cattle, including 648,000 dairy cows. (Number of animals in 2021)

Forestry:

3 million hectares of forest area are located in eastern Germany, which is just under one third of the total German forest area (2020).

Circulation / Reach

Paid circulation: 16,615 copies (IVW 1/2022)

Actually distributed circulation: 16,938 copies (IVW 1/2022)

Subscriptions: 14,040 (1st quarter 2022)

The agricultural weekly journal for the five eastern German states

Bauernzeitung is the weekly journal for everyone living from and with agriculture in Mecklenburg-West Pomerania, Brandenburg, Saxony-Anhalt, Saxony and Thuringia.

Competent reporting each week: Agricultural policy, agriculture and plant production, agricultural engineering, milk production, livestock husbandry, energy, management, legal issues and country life.

Comprehensive special guides on agricultural issues provide detailed insight in each of the covered key topics.

Advertorials.

Advertorials in the editorial section

It is possible to place advertorials within the editorial environment. If required, our editorial team will be happy to assist you in implementing your ideas.

When designing, clear labeling and a clear differentiation from the editorial layout must be attended so that a confusion with editorial content can be excluded.

We always try to place advertisements in an appropriate editorial content but ask for your understanding that we do not permit advertising in the section of economic reporting and avoid product promotion in articles of the corresponding product category.

Trade fair specials.

Our service for agricultural trade fairs.

Bauernzeitung, as a media partner of important agricultural trade fairs in the five eastern German states, publishes special issues one week prior to these trade fair. The supplements are integrated into the normal weekly issue, comprise up to 36 pages and contain a preview of the trade fair, reports on new products and their exhibitors, tips on interesting events and important organizational information for trade visitors. They thus offer an ideal editorial environment for advertising relating specifically to the trade fairs!

Trade fairs that are cancelled due to Covid-19 will be thematically edited so that new products and market trends can be presented to readers as usual.

Bauernzeitung Online.

Website

In addition to classic banners in various formats, we offer the possibility of booking editorial advertising formats on the Bauernzeitung website: online advertorials are based on customer texts and images, which on request will be revised and SEO-optimized by us.

Stand-Alone-Newsletter

For advertisers who want to attract the undivided attention of our newsletter subscribers, we recommend the stand-alone format, which, similar to the online advertorial, is individually designed from customer texts and images.

Detailed information about our online advertising formats and Social-Ads-offers are available on our website:

www.bauernzeitung.de/mediadaten

Social Ads.

Facebook and Instagram

Social ads on Facebook and Instagram pages of the Bauernzeitung enable users to be targeted based on geo-, socio-demographic and psychographic characteristics.

A large number of different advertising formats are available with social ads by which advertising messages in the name of the Bauernzeitung are spread among the users of the social networks in a performance-oriented, scalable and measurable manner.

Targeting

The positioning of the social ads is based on online data from the Bauernzeitung, which can be collected through the Facebook or Instagram pages as well as through a pixel integration on our website.

The social ads campaigns can be tailored to individual requirements and thus optimized for KPIs such as TKP / CPM, CPC, CPL or CPO, depending on the campaign goal.

Depending on the objectives of the campaign, we develop with the customers the optimal advertising format such as single image or carousel ad, video or lead ad.
